

Adding a Support Requester

We all need tech support on occasion, and Enseva is here to help. A Requester is a person you allow to open technical support requests on behalf of your organization or company. You can add a new Requester using this tutorial.

Adding a Support Requester to Your Account

1. From your account home page, click on Submit your request .

2. Now, click on Support: Add Support Requester or Manager to Account .

3. You will be taken to the ticket screen you see below. We will review each section in the steps below.

SubjectAdd Requester to Account

Description

Important: Adding a new requester to an account requires the approval of an account Manager.

Account Details (Required)
These fields provide basic information about the person being added to our support portal. All fields must be accurately completed prior to the requests implementation.

Additional Account Details (Optional)
These fields provide additional information about the person being added to our support portal but are not required. The Secondary E-Mail and Phone number fields can provide additional communication options should primary methods be unavailable.

Account Manager
Should the new requester need Account Manager permissions, complete the fields and the appropriate permissions the Account Manager should have.

Approval Permissions
Should the new requester have the ability to approve purchases on behalf of the organization in the form of new services or one-time service requests, complete the appropriate fields.
