

# Adding an Account Manager

An Account Manager can be given access to make purchases, account changes, modify the level of access for other users and request technical assistance on behalf of your organization or company. You can add a new Account Manager and set their level of permission by following the steps below.

## Adding an Account Manager to Your Account

1. From your account home page, click on Submit your request

2. Now click on Support: Add Support Requester or Manager to Account

3. You will be taken to the ticket screen you see below. We will review each section in the steps below.

Add Requester to Account

Description

**Important:** Adding a new requester to an account requires the approval of an account Manager.

**Account Details (Required)**  
These fields provide basic information about the person being added to our support portal. All fields must be accurately completed prior to the requests implementation.

**Additional Account Details (Optional)**  
These fields provide additional information about the person being added to our support portal but are not required. The Secondary E-Mail and Phone number fields can provide additional communication options should primary methods be unavailable.

**Account Manager**  
Should the new requester need Account Manager permissions, complete the fields and the appropriate permissions the Account Manager should have.

**Approval Permissions**  
Should the new requester have the ability to approve purchases on behalf of the organization in the form of new services or one-time service requests, complete the appropriate fields.

6. In the Account Manager section, under "Configure new requester as account manager" select Yes on the drop-down menu.

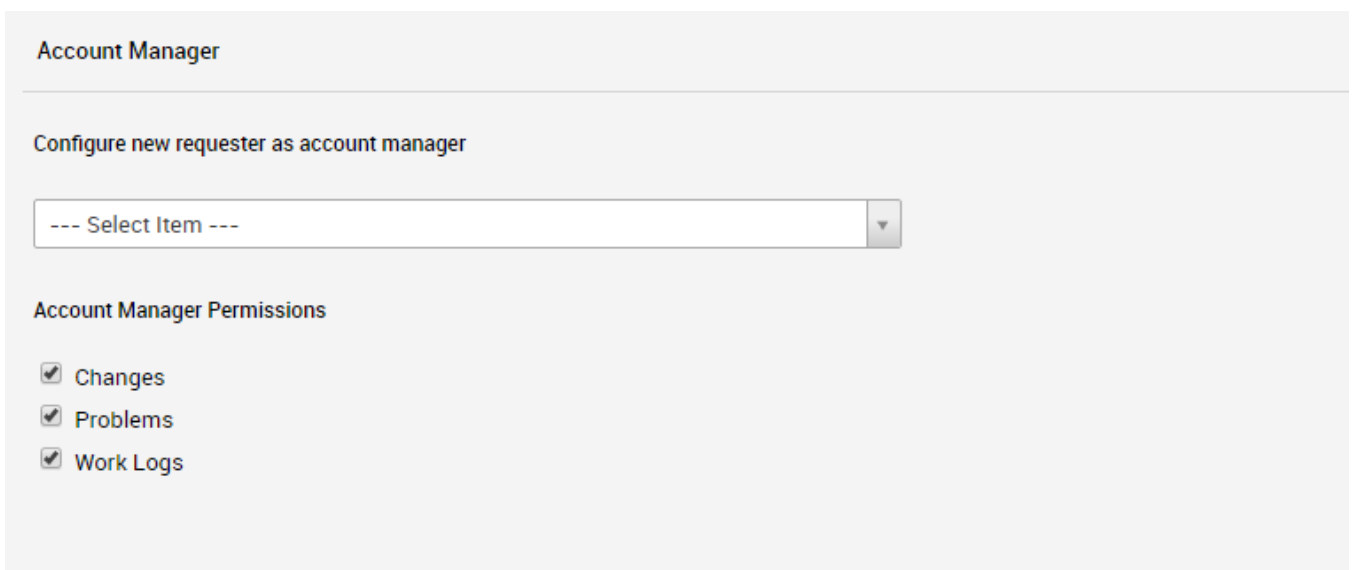

The screenshot shows the 'Account Manager' section of a form. Under the heading 'Configure new requester as account manager', there is a dropdown menu with the text '--- Select Item ---'. Below this, under the heading 'Account Manager Permissions', there are three checkboxes: 'Changes', 'Problems', and 'Work Logs', all of which are currently unchecked.

7. Under "Account Manager Permissions" select the check boxes for the permissions you would like to set for the new Account Manager.

This screenshot shows the same form as the previous one, but with the dropdown menu open. The menu displays '--- Select Item ---' at the top, followed by a search bar, another '--- Select Item ---' prompt, and two options: 'No' and 'Yes'. The 'Yes' option is highlighted in blue, indicating it is the selected choice. The 'Work Logs' checkbox is visible below the dropdown menu.

8. Under Approval Permission, select the options you prefer for the new Account Manager.

The screenshot shows the 'Account Manager' section of the form. The 'Configure new requester as account manager' dropdown menu is still set to '--- Select Item ---'. Under the heading 'Account Manager Permissions', all three checkboxes are now checked: 'Changes', 'Problems', and 'Work Logs'.
